WHAT OTHERS ARE SAYING...

"I think the genius of the *One Wish* method of evangelism can be summed up in one word – simplicity." - **Mike, Pastor**

I have always been somewhat timid about personal evangelism. It was awkward and disconcerting; however, I have found the *One Wish* approach to be a natural and comfortable way to introduce people to the glorious mysteries of our Savior.

- **Mike, District Attorney**

I got to share the four pictures with my friend in the baseball dugout. - **Logan (10 yrs)**

Hardly a day goes by that I don't have the opportunity to ask the question and pray with someone. Many conversations have led to decisions for Christ.

- **Frank, Founder, Heart Sounds International**

The one question cuts through all the small talk and social barriers.

- **Marilyn, Legal Advisor**

Our family have found the *One Wish* wristband is a practical tool that helps us share Jesus. - **Kathy, Home School Mom**

I have tried all ways and programs to share my faith throughout my 40 years as a Christian. *One Wish* is simple, personal, and effective, but most important to me is that I can use it. - **Marj, IT Director**

More people have come to Christ using *One Wish* in the last two months after hosting a *One Wish Sunday* than in the previous two years. - **Joseph, Pastor**

SHARP SAYINGS...

- Talk to God about people before you talk to people about God.
- When you could not care less about God, He could not care more about you.
- If you don't take God's hand in this life, He won't take your hand in the next life.
